

Linux Systems Administrator

Location: Arlington, Virginia

About Fluence

Fluence, a Siemens and AES company, is the leading global energy storage technology solutions and services company that combines the agility of a fast-growing technology company with the expertise, vision, and financial backing of two industry powerhouses. Building on the pioneering work of AES Energy Storage and Siemens energy storage, Fluence's goal is to create a more sustainable future by transforming the way we power our world. The company offers proven energy storage technology solutions designed to address the diverse needs and challenges of customers in a rapidly transforming energy landscape, providing design, delivery and integration in over 160 countries. Fluence works closely with customers throughout their journey and provides advisory, financing, and project lifecycle services.

Job Description

We are currently looking for a part-time (10-20 hours per week) Linux Systems Administrator to join our team in our Arlington, VA headquarters.

- Perform maintenance of Fluence energy storage control systems and data collection systems.
- Maintain and improve Fluence operational data collection of key performance indicators and reports.
- Interact with external hardware and software Vendors as needed to maintain production systems.
- Abide by established budgets to maintain production systems.
- Contribute to development of short and long term production infrastructure objectives.
- Participate in continuous improvement of production systems, processes and procedures.
- Create automation and self-serve tools to efficiently manage production systems.
- Perform operation security maintenance and maintain compliance of corporate information security policies and procedures.
- Reproduce and troubleshoot customer software issues. Collect root cause information for resolution by Software Development team.
- Assist Software Development team to implement and resolve customer software issues as needed.
- Provide effective collaboration and exchange of information with external customers and Software Development team to quickly resolve customer related issues.
- Perform other duties and assignments as needed.

Qualified candidates are requested to submit a resume and cover letter at careers@fluenceenergy.com for consideration.
