About Fluence

Fluence, a Siemens and AES company, is the leading global energy storage technology solutions and services company that combines the agility of a fast-growing technology company with the expertise, vision, and financial backing of two industry powerhouses. Building on the pioneering work of AES Energy Storage and Siemens energy storage, Fluence's goal is to create a more sustainable future by transforming the way we power our world. The company offers proven energy storage technology solutions designed to address the diverse needs and challenges of customers in a rapidly transforming energy landscape, providing design, delivery and integration in over 160 countries. Fluence works closely with customers throughout their journey and provides advisory, financing, and project lifecycle services.

Leading: Do others come to you for your subject matter expertise? Are you excited by the challenge of working in a start-up atmosphere with a purpose?

Are you passionate about logistics? If you are looking for an opportunity to apply your skills to optimize and manage logistic for a fast-growing company in the energy sector, this may be the role for you.

Responsible: Fluence is defined by its unwavering commitment to safety, quality, and integrity. We take personal ownership in what we do, developing trust in our relationships with internal and external stakeholders. We firmly believe in having honest, forthcoming, and fair communications.

- You will negotiate shipping rates and select forwarders based on price, quality, and delivery schedule.
- You will manage just-in-time logistic of materials from vendors or factory to project sites in coordination with project managers.
- You will be responsible to set up and oversee import and export customs clearance.

- You will be responsible to oversee and manage dangerous goods process, shipping compliance with forwarders.
- You will collaborate with national and international agencies and associations.

Agile: Here at Fluence, we strive to continuously improve, to be intellectually curious and be adaptive to our customers and employee's needs. Collaboration is key, both in our partnerships with our customers, and with each other. Fluence prioritizes the most critical efforts that allow for the greatest impact.

- You have a bachelor's degree with 5+ years of experience or equivalent 7+ year subject matter experience in logistics.
- You have experience in the field of dangerous goods handling and shipping.
- You have experience and working knowledge in US custom clearance.
- You are self-motivated; able to work both independently to complete tasks and respond to requests, as well as collaborating with others to utilize resources and knowledge of others in identifying quality solutions.
- You enjoy working in an international environment.

Fun: We are always looking for employees who are excited by challenges and the opportunity to be problem-solvers. Our entrepreneurial mindset allows for creativity, sense of urgency and fulfillment. Our employees love what we do and are passionate about the way we power our world.

We are well-connected and collaborate in teams inside and outside Fluence. We love to learn new things and share our knowledge with others. We are passionate to strive towards a sustainable future and meeting customer expectations.

Please send your resume and cover letter to careers@fluenceenergy.com
