

Senior FP&A Manager

Location: Continental US

ABOUT FLUENCE

Fluence, a Siemens and AES company, is the leading global energy storage technology solutions and services company that combines the agility of a fast-growing technology company with the expertise, vision, and financial backing of two industry powerhouses. Building on the pioneering work of AES Energy Storage and Siemens energy storage, Fluence's goal is to create a more sustainable future by transforming the way we power our world. The company offers proven energy storage technology solutions designed to address the diverse needs and challenges of customers in a rapidly transforming energy landscape, providing design, delivery and integration in over 160 countries. Fluence works closely with customers throughout their journey and provides advisory, financing, and project lifecycle services.

Leading

Are you looking to provide critical financial insights into product roadmap decisions? Do others come to you for your financial modelling expertise? Find strategic conversations from a finance view stimulating? Then our Senior FP&A Manager might be the right role for you.

Responsible

Fluence is defined by its' unwavering commitment to safety, quality, and integrity. We take personal ownership in what we do, developing trust in our relationships with internal and external stakeholders. We firmly believe in having honest, forthcoming, and fair communications.

- You will partner with the Chief Product Officer organization for financial modelling and prioritizing of the strategic product roadmap
- You will work with the Chief Technology Officer organization to define the budgets and provide financial transparency of R&D overheads and R&D project cost
- You will work with internal and external partners on the company's long-term financial model as basis for strategic decisions and a future IPO
- You report directly to the FP&A Director

Agile

Here at Fluence, we strive to continuously improve, to be intellectually curious and be adaptive to our customers and employee's needs. Collaboration is key, both in our partnerships with our customers, and with each other. Fluence prioritizes the most critical efforts that allow for the greatest impact. What should an interested candidate bring to Fluence?

- Minimum of 10 years' experience working in finance or business administration roles, with energy industry knowledge and proven leadership skills.
- Demonstrated ability on financial modelling and strategic thinking.
- Capability to manage the financial performance of organizational unit(s) to keep it on track with budget and other defined goals.
- Master's degree with a major in accounting, business administration or equivalent training.

Fun

We are always looking for employees who are excited by challenges and the opportunity to be problem-solvers. Our entrepreneurial mindset allows for creativity, sense of urgency and fulfillment. Our employees love what we do and are passionate about the way we power our world.

- You enjoy working in a high growth environment, and evolving commercial business models.
- You contribute to building a sustainable business of global scale.
