Location: (Arlington, VA, or Continental US)

ABOUT FLUENCE

Fluence, a Siemens and AES company, is the global market leader in energy storage technology solutions and services, combining the agility of a technology company with the expertise, vision and financial backing of two well-established and respected industry giants. Building on the pioneering work of AES Energy Storage and Siemens energy storage, our goal is to create a more sustainable future by transforming the way we power our world. Providing design, delivery and integration, Fluence offers proven energy storage technology solutions that address the diverse needs and challenges of customers in a rapidly transforming energy landscape.

Fluence currently has more than 2.4 gigawatts of projects in operation or awarded across 24 countries and territories worldwide. We topped the Navigant Research utility-scale energy storage leaderboard in 2018 and were named one of Fast Company's Most Innovative Companies in 2019. In 2020, our sixth-generation Tech Stack won Commercial Technology of the Year at the 22nd annual S&P Global Platts Global Energy Awards.

Leading

Do others come to you for your subject matter expertise? Are you excited by the challenge of working in a start-up atmosphere with a purpose?

In this role, as an IT PMO Manager (PMO Front Office) you will manage the IT intake of demands. You will lead alignment with the functional teams and transition to proactive planning to their anticipated demand.

Responsible

Fluence is defined by its unwavering commitment to safety, quality, and integrity. We take personal ownership in what we do, developing trust in our relationships with internal and external stakeholders. We firmly believe in having honest, forthcoming, and fair communications.

- You will lead multiple programs at technology, manufacturing, or technology companies whereby a high degree of integration was required between the selected tools of CRM, ERP, Supply Chain, Operations and Services.
- Lead and grow a techno-functional team between 4-6 direct reports

Agile

Here at Fluence, we strive to continuously improve, be intellectually curious and be adaptive to our customers and employee's needs. Collaboration is key, both in our partnerships with our customers, and with each other. Fluence prioritizes the most critical efforts that allow for the greatest impact.

- 8+ years of experience with progressive technology and program management & at least 5 in leadership roles in direct and matrixed environments.
- Cross knowledge of NetSuite, Salesforce, Supply Chain Tools and experience working with Integration Tools such as Workato or Dell Boomi as highly desirable
- Lead functional engagement meetings and translate the required outcomes with the IT team and users to discuss progress and challenges.
- Overseeing performance of IT PMO office and defining & implementing operational processes
- Bachelors degree in technology or related field is required

Fun

Working on transforming a fundamental part of our society is exciting and fulfilling. It requires creativity, diversity of ideas and backgrounds, and building trust to effect change and move with speed. We respect our coworkers and customers. We listen to what others have to say, and we are inclusive.

The role will be based in Fluence Corporate IT's (FIT) Virginia office (remote candidates will be considered), and will report to the Director of IT, with close interaction with Functions, Product, Engineering, and Commercial teams. The role will grow over time as Fluence scales its products to new customers, types of energy assets, and markets.
