

Scheduler

Location: Arlington, VA or Continental US

ABOUT FLUENCE

Fluence, a Siemens and AES company, is the global market leader in energy storage technology solutions and services, combining the agility of a technology company with the expertise, vision and financial backing of two well-established and respected industry giants. Building on the pioneering work of AES Energy Storage and Siemens energy storage, our goal is to create a more sustainable future by transforming the way we power our world. Providing design, delivery and integration, Fluence offers proven energy storage technology solutions that address the diverse needs and challenges of customers in a rapidly transforming energy landscape.

Fluence currently has more than 2.4 gigawatts of projects in operation or awarded across 24 countries and territories worldwide. We topped the Navigant Research utility-scale energy storage leaderboard in 2018 and were named one of Fast Company's Most Innovative Companies in 2019. In 2020, our sixth-generation Tech Stack won Commercial Technology of the Year at the 22nd annual S&P Global Platts Global Energy Awards.

Leading

Do others come to you for your subject matter expertise? Are you excited by the challenge of working in a start-up atmosphere with a purpose?

The Scheduler will be responsible for all scheduling functions on energy storage construction projects in various sites across the US. The Scheduler will be responsible for the development, preparation, and maintenance of the Critical Path Method ("CPM") schedule in Primavera P6 throughout the life cycle of the projects.

Responsible

Fluence is defined by its unwavering commitment to safety, quality, and integrity. We take personal ownership in what we do, developing trust in our relationships with internal and external stakeholders. We firmly believe in having honest, forthcoming, and fair communications. In this role you will:

- Organize, implement and maintain schedules to support identified projects and their plans.
- Assist to set up tasks and sub tasks to ensure satisfactory realization of project contract requirements as scheduled.

- Log project time-lines and maintain database of tasks and its status.
- Log all new information into database and provide scheduled reports for contract coordination and reporting purposes.
- Interact with customer and project staff to schedule work and coordinate assignments.
- Design and develop project schedule
- Interact with project team and task managers to define scope of work to develop and update detailed schedules, cost information and identification of variances from original plan.
- Evaluate project schedule progress and performance and identify developing problem areas.
- Analyze critical path and constraints to determine effect of changes to schedule and recommend work-around.
- Develop and update short interval schedules
- Suggest management of risks affecting project profit, costs, schedules and client relations.
- Support project management team to maintain timely and effective change management processes, procedures and systems.
- Assist project team to develop and maintain periodic status reports to keep management informed on project progress.
- Conduct analysis to determine alternative courses of action or recovery on slipped schedules.
- Interact with contractors, customers and project management team

Agile

Here at Fluence, we strive to continuously improve, be intellectually curious and be adaptive to our customers and employee's needs. Collaboration is key, both in our partnerships with our customers, and with each other. Fluence prioritizes the most critical efforts that allow for the greatest impact. As qualified candidate you have:

- Minimum two- years of experience developing CPM schedules, monitoring and reporting progress, updating CPM schedules and performing schedule analysis for construction of electric distribution and transmission facilities or similar complex projects.
- Minimum of one-year experience in Primavera Project Management P6
- Some on-site project construction experience
- Proficient in MS Office, Project and Excel and other basic computer skills
- Proficient verbal and written communication skills

Fun

Working on transforming a fundamental part of our society is exciting and fulfilling. It requires creativity, diversity of ideas and backgrounds, and building trust to effect change and move with speed. We respect our coworkers and customers. We listen to what others have to say, and we are inclusive.
